## What is RPTIA?

Recreational Park Trailer Industry Association, Inc. (RPTIA) is an effective, nonprofit trade association that represents and provides information and assistance to all segments of the Recreational Park Trailer industry, agencies of government, members of the media and product owners or potential owners.

The Association uses its resources to develop materials, information and programs to keep members informed about opportunities, to facilitate growth and to otherwise inform them about potential problems so they can respond effectively.

Voting members of RPTIA include those firms who manufacture Park Trailers, produce and/or distribute component parts and/or offer professional services utilized by these firms. Associate members include those firms who market and/or service units for the public or provide the sites or developments which accommodate Park Trailer use.

## Who Manages RPTIA?

RPTIA receives its direction and leadership from a voluntary Board of Directors with members who are seated in accordance with the RPTIA bylaws approved by the membership at large. Board membership includes one individual representing each Park Trailer manufacturer holding a membership in the Association. Suppliers and service firms are represented by three individuals who are elected by the membership, one each year, for a three year term. Two additional members of the Board represent the dealers and parks who sell or provide accommodations to Park Trailer owners. The Board, or the Executive Committee meets every quarter with the Annual Meeting scheduled in late October each year.

Making the Board's wishes a reality and maintaining the infrastructure and programming is the task assigned to our staff. RPTIA has two staff members who serve full time, with two additional individuals serving on an as needed or contractual basis. The Association has offices in Newnan, Georgia located near Atlanta's Hartsfield Airport which provides convenient and direct access to most destinations.
